DIRECTORY OF SALES OFFICE	

FUND INFORMATION

Fund Name	Aiiman Smart Invest Portfolio - Growth
Fund Type	Growth
Fund Category	Mixed assets (Fund-of-Funds) (Shariah-compliant)
Investment Objective	The Fund aims to provide investors with capital appreciation over medium to long-term period through a portfolio of Islamic collective investment schemes.
Benchmark	Absolute return of 8% per annum
Distribution Policy	The Fund is not expected to make distribution. However, incidental distribution may be declared whenever is appropriate.

FUND PERFORMANCE DATA

Category	As at 31 Aug 2023 (%)
Portfolio composition	
Collective investment scheme – local	39.66
Collective investment scheme – foreign	15.64
Total collective investment scheme	55.30
Exchange – traded fund – foreign	42.56
Cash & cash equivalent	2.14
Total	100.00
Total NAV (million)	66.21
NAV per Unit (in respective currencies)	0.5059
Unit in Circulation (million)	130.89
Highest NAV	0.5091
Lowest NAV	0.4449
Return of the Fund (%)	12.37
- Capital Growth (%)	12.37
- Income Distribution (%)	0
Gross Distribution per Unit (sen)	Nil
Net Distribution per Unit (sen)	Nil
Total Expense Ratio (%) ¹	0.59
Portfolio Turnover Ratio (times) ²	0.17

Basis of calculation and assumption made in calculating the returns:-

The performance figures are a comparison of the growth/decline in NAV for the stipulated period taking into account all the distribution payable (if any) during the stipulated period.

An illustration of the above would be as follow:-

Capital return	= NAV per Unit end / NAV per Unit begin – 1
Income return	= Income distribution per Unit / NAV per Unit ex-date
Total return	= (1+Capital return) x (1+Income return) – 1

MANAGER'S REPORT**Income Distribution / Unit Split**

No income distribution nor unit split were declared for the financial period ended 31 August 2023.

Performance Review

For the period 1 March 2023 to 31 August 2023, the Fund registered a 12.37% return compared to the benchmark return of 3.96%. The Fund thus outperformed the Benchmark by 8.41%. The Net Asset Value per unit ("NAV") of the Fund as at 31 August 2023 was USD0.5059.

Since commencement, the Fund has registered a return of 1.18% compared to the benchmark return of 15.81%, underperforming by 14.63%.

Table 1: Performance of the Fund

	6 Months (1/3/23 - 31/8/23)	1 Year (1/9/22 – 31/8/23)	Since Commencement (5/10/21 - 31/8/23)

"This information is prepared by AiiMAN Asset Management Sdn Bhd for information purposes only. Past earnings or the fund's distribution record is not a guarantee or reflection of the fund's future earnings/future distributions. Investors are advised that unit prices, distributions payable and investment returns may go down as well as up. Source of Benchmark is from Bloomberg."
 Benchmark: Absolute Return of 8% per annum.

Past performance is not necessarily indicative of future performance and that Unit prices and investment returns may go down, as well as up.

Asset Allocation

For a snapshot of the Fund's asset mix during the period under review, please refer to Fund Performance Data.

During the period under review, the Fund's total exposure into Shariah-compliant quoted Islamic Collective Investment Schemes and Islamic Exchange Traded Funds stood at 99.86% while the remaining was held in cash and cash equivalent.

Strategies Employed

The Fund continues to invest primarily in growth focused Islamic collective investment schemes. It remained highly invested throughout the period, as continued accommodative policies was supportive of growth assets.

Over the period under review, the Manager continued to re-direct most its allocation towards global sectors with potential room for growth. We continue to keep close monitor on market development amidst economic slowdown and uncertainty in rates policy.

Market Review

Over the year under review, the Standard and Poor's ("S&P") 500 returned 13.81% while the Morgan Stanley Capital International ("MSCI") AC World index returned 14.61%. Specific to the Asian region, MSCI AC Asia ex Japan Index was down slightly at -0.64% while locally, the Financial Times Stock Exchange ("FTSE") Bursa Malaysia returned -2.68%. Bond markets were neutral over the year with the Bloomberg Barclays Global Aggregate Index returning 0.78%. Domestically, bond markets' benchmark 10-year Malaysian Government Securities ("MGS") yield closed at 3.84%.

Market volatility persisted across the global economy as macro events and policy rate hikes over the past year affected stock and bond markets. The economic fallout from the Covid-19 pandemic coupled with the Russia-Ukraine conflict has disrupted supply chains and commodity markets, weighing heavily on global economic growth. Central banks continue to rein in inflation contributed by supply-demand imbalances and volatility in energy prices among other factors through monetary policy, which inadvertently played a role in destabilising the banking sector March this year.

The US Federal Reserve ("Fed") raised their policy rates in monetary policy committee meetings since March last year, to of 5.50% in July 2023, although pausing for the first time in 15 months in June 2023. The sharp pace of policy tightening raised concerns in the financial markets of an over-tightening that could lead to a growth slowdown, or even a potential recession. Further signs of tension in the economy were also visible in March this year as the fallout of Silicon Valley Bank and the emergency rescue of Credit Suisse triggered concerns of contagion to other vulnerable banks. In addition to fractures in the banking sector, other notable events over the year included the concern over the US approaching its debt ceiling in January, failing which to reach a consensus to suspend or raise the limit could result in a catastrophic default. However, investors heaved a sigh of relief after lawmakers passed a bill to raise the debt ceiling, in a deal that included concessions on spending expected to have limited effect on economic growth. Despite narrowly avoiding a default, the U.S did not escape unscathed as Fitch Ratings downgraded its rating on U.S. debt, quoting in a press release "The repeated debt-limit political standoffs and last-minute resolutions have eroded confidence in fiscal management,".

US equities was volatile throughout the year, as the financial sector disruption troubled markets in the first quarter of 2023, while gains in the second quarter of the year was mostly driven by the fervour and enthusiasm over new developments in artificial intelligence ("AI"). Zooming in closer on a monthly basis, although US equities ended July 2023 upbeat, gains were pared back, falling 1.77% over the month of August as stronger than expected economic data spurred bond yields which hit new highs, soaring 15 basis points ("bps") to close at 4.11%. This bolstered bets that the Fed would hold interest rates higher for longer to keep a lid on inflation. In Asia, the broader MSCI Asia ex-Japan index slid slightly ending the financial year down by 0.64% as rising bond yields put pressure on emerging markets. Despite starting off 2023 strong, Chinese equity trended downwards following the country's reopening after the pandemic started to cool before lifting in July, driven by stimulus optimism in China, evident as the MSCI China Index vaulted 9.30% in July as top party leaders unveiled measures at its Politburo meeting to reinvigorate growth in the country. Among the measures include a pledge by Beijing to provide stimulus support for its beleaguered property sector. Top party leaders also emphasised the need for measures to tackle youth unemployment as well as accelerate the issuance of local government special bonds to spur government investment. While there were no explicit announcements of blockbuster stimulus, the overall policy tone from the Politburo meeting did exceed expectations. There was an acknowledgement of pressing issues on-the-ground that could result in targeted easing measures to bolster growth and lift sentiment. However, this quickly cooled as investors remain doubtful whether the stimulus measure would be enough to arrest the decline in growth, with the gains made in July this year quickly neutralised by the end of August.

Back in Malaysia, several policy announcements by the government in June caught the attention of investors. These positive sentiments lifted foreign investors' confidence as they poured into local equities. These included the Ekonomi Madani Plan which outlined several key economic targets, Part 1 of the National Energy Transition Roadmap which intends to achieve 70% renewable energy capacity mix by 2050 and Part 2 of the National Energy Transition Roadmap as well as the New Industrial Masterplan. By the end of August 2023, there was also greater political clarity following the conclusion of state elections. As widely expected, the Pakatan Harapan-Barisan Nasional coalition retained Selangor, Penang and Negeri Sembilan, while Perikatan Nasional held on to their strongholds in Kedah, Kelantan and Terengganu.

On economic data, headline inflation decelerated for an 11th straight month to 2.00% year on year ("y-o-y") in July, marking the lowest level since Aug 2021. Similarly, core consumer price index ("CPI") inflation, which excludes volatile fresh food prices and price-administered goods, decelerated to 2.80% y-o-y. This may provide

more room for Bank Negara Malaysia (“BNM”) to pause its overnight policy rate (“OPR”) hike with inflationary pressures easing.

Meanwhile, Malaysia’s second quarter 2023 (2Q23) Gross Domestic Product (“GDP”) growth at 2.9% y-o-y (1Q23: +5.6% y-o-y), the slowest pace of expansion since 3Q21. GDP growth remained supported by labour market improvements, sustained increase in domestic demand, and higher tourism activities. Key drags were weaker external demand, global tech down cycle, and lower commodity production. Malaysia’s gross exports maintained a double-digit contraction of 13.1% y-o-y (June: -14.1%) and imports declined by -15.9% y-o-y in July 2023 (June: -18.7% y-o-y) YTD as of July, exports shrank by 5.9% (Jan-July 2022: +27.5%). The slowdown in demand was evident in major trading partners such as Singapore, China, and the US, which together account for 40% of total exports

U.S. Treasury (“UST”) was seen rebounding post the Federal Open Market Committee (FOMC) meeting, but the advance U.S. second quarter GDP print surprised on the upside while news on discussion on a potential tweak to Bank of Japan’s yield curve control unnerved the markets. The 2-year, 5-year and 10-year yields ended the month at 4.88%, 4.25% and 4.11% respectively. The 30-year UST closed at 4.21%. As a result, the inversion between the 2-year and 10-year US. Treasury narrowed to -75bps.

Investment Outlook

The US economic data continue to send mixed signals, leading to an increased market conviction that the US may avoid a recession in 2023 and move towards a soft landing. Economic data has been stronger than expected and earnings have been resilient. The larger cap stocks in particular have outperformed driven by various factors. There is a risk that the Fed will hike rates by another 25bps in 2023; however, we believe that there is higher possibility that Fed’s may pause its hiking cycle in 2023. With developed markets peak cycle in the horizon, risk appetite is seen returning to the Emerging Markets (“EM”) space given that EM has better shielded economics against inflation.

Locally, the economy could be supported by lower government bond supply in September and the fourth quarter of 2023. Easing inflationary pressure and resilient demand from domestic investors could also provide support. The state election results affirmed the current political status quo. We expect that Bank Negara Malaysia will hold OPR for the remainder of 2023 amidst decelerating inflation level and softer GDP growth outlook.

As such, we expect a range bound yield movement in the near term as market reacts to headline risks. Foreign inflows are steady and may continue as global investors seek stability and carry trade opportunities.

State of Affairs of the Fund

There is neither any significant change to the state affairs of the Fund nor any circumstances that materially affect any interests of the unit holders during the period under review.

Soft Commissions received from Brokers

Soft commissions received from brokers/dealers may be retained by the management company only if the :—

- (i) goods and services provided are of demonstrable benefit to Unit holders of the Fund; and
- (ii) goods and services are in the form of research and advisory services that assists in the decision making process.

During the financial period under review, the Fund has received soft commissions from brokers/dealers who have also executed trades for other funds managed by AIIAMAN Asset Management Sdn Bhd. The soft commissions were utilised for goods and services in the form of research materials, data and quotation services, investment-related publications, market data feed, industry benchmarking agencies and investment-related publications to assist the Manager in the investment decision-making process. The soft commission received were for the benefit of the fund and there were no churning of trades.

Cross Trade

No cross-trade transactions have been carried out during the reported period.

Securities Financing Transactions

The Fund has not undertaken any securities lending or repurchase transactions during the financial period under review.

Changes Made to the Fund's Prospectus

A Replacement Prospectus dated 28 February 2023 ("Effective Date") was issued during the financial period under review to reflect the various changes made to the Fund. This includes changes to reflect requirements of Guidelines on Unit Trust Funds ("Revised GUTF") and Prospectus Guidelines For Collective Investment Schemes ("Revised PCIS").

Kindly refer to ("Appendix A") below for the full list of changes made to the fund.

AIIMAN SMART INVEST PORTFOLIO – GROWTH (“FUND”)

APPENDIX A: LIST HIGHLIGHTING THE AMENDMENTS FROM THE PROSPECTUS DATED 5 OCTOBER 2021 (“PROSPECTUS”) AND THE REPLACEMENT PROSPECTUS DATED 28 FEBRUARY 2023 (“REPLACEMENT PROSPECTUS”) IN RELATION TO THE FUND.

NO.	(A) PROSPECTUS	(B) REPLACEMENT PROSPECTUS	(C) REASONS FOR AMENDMENTS	(D) COMPLIANCE TO PARAGRAPHS 9.70 TO 9.71 OF THE REVISED GUTF
<p>Introduction:</p> <p>In general, the amendments made to the Prospectus are to reflect the following:</p> <ol style="list-style-type: none"> Requirements of Guidelines on Unit Trust Funds (Revised: 28 November 2022) (“Revised GUTF”) and Prospectus Guidelines For Collective Investment Schemes (Revised; 1 September 2022) (“Revised PCIS”); Change in the shareholding of AHAM Asset Management Berhad (“AHAM”) (AIIMAN’s holding company), which took effect on 29 July 2022 whereby AHAM ceased to be a subsidiary of Affin Hwang Investment Bank and the Affin Banking Group. AIIMAN’s ultimate major shareholders now, is CVC Capital Partners Asia Fund V, a private equity fund managed by CVC Capital Partners (“Change in Shareholding”); and Amendments made to the First Supplemental Deed which was registered and lodged with the SC on 5 January 2023 (“Supplemental Deed”). <p>We are of the view that amendments reflected in the Replacement Prospectus do not materially prejudice the unit holders’ interests as they do not result in (1) change to the nature/objective of the Fund; (2) change to the risk profile of the Fund; (3) change in the distribution policy; (4) introduction of a new category of fees/charges; or (5) increase in fees/charges of the Fund (collectively known as “Material Prejudice Circumstances”). Hence a unit holders’ approval is not required under paragraph 9.70 of the Revised GUTF and section 295(4)(a) of the Capital Markets and Services Act 2007.</p> <p>Additionally, except for the amendments pertaining to (1) asset allocation of the Fund; (2) repurchase proceed payout period; (3) risk associated with suspension of repurchase request; and (4) introduction of minimum repurchase amount imposed on investors, we are of the view that other amendments are not significant changes that will affect unit holders’ decision to stay invested in the Fund as they do not result in change to (1) investment strategy; (2) distribution policy; or (3) minimum balance of the Fund (“Significant Change Circumstances”).</p>				
1.	GENERAL AMENDMENTS

6.	RISK FACTORS			
6.1	GENERAL RISKS Loan Financing Risk This risk occurs when you take a loan or financing to finance your investment. The inherent risk of investing with borrowed money includes you being unable to service the loan repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower net asset value per unit as compared to the net asset value per unit at the point of purchase towards settling the loan.	Financing Risk This risk occurs when you take a financing to finance your investment. The inherent risk of investing with <u>financed</u> money includes you being unable to service the <u>financing</u> repayments. In the event Units are used as collateral, you may be required to top-up your existing instalment if the prices of Units fall below a certain level due to market conditions. Failing which, the Units may be sold at a lower <u>NAV</u> per Unit as compared to the <u>NAV</u> per Unit at the point of purchase towards settling the financing.	To update to be consistent with disclosures of prospectuses of AIIMAN's funds.	Given reason stated in column (C), we are of the view that the amendment is not a significant change that will affect unit holders' decision to stay invested in the Fund and the interests of the unit holders will not be materially prejudiced as the amendment does not fall within the Significant Change Circumstances and Material Prejudice Circumstances.
6.2	GENERAL RISKS Liquidity risk Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund. Upon such	Liquidity risk refers to two scenarios. The first is where an investment cannot be sold due to unavailability of a buyer for that investment. The second scenario exists where the investment, by its nature, is thinly traded. This will have the effect of causing the investment to be sold below its fair value which would adversely affect the NAV of the Fund <u>and</u>	To include the associated impact of liquidity risk on unit holders pursuant to the requirement 4.02 (j)(iii) of the revised PCIS and to be consistent with disclosures of prospectuses of	Even though the amendment is not a significant change that will affect unit holders' decision to stay invested in the Fund, we will inform unit holders of the amendment via a written notice 14 days before the effective date of the Replacement Prospectus.

6.7	RISK MANAGEMENT As AIIMAN is a wholly owned subsidiary of AHAM, the risk management function of AIIMAN is being outsourced to AHAM. In day-to-day running of the business, AHAM employs a proactive risk management approach to manage portfolio risks and operational risks. The board of directors of AHAM (“the Board”) has established a board compliance and risk management committee to oversee AIIMAN’s risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance and risk management committee comprises of at least three (3) board members of AHAM and is chaired by an independent director of AHAM. At the operational level, AHAM has established a compliance and risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders’ interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance and risk oversight committee reports to the board	As AIIMAN is a wholly owned subsidiary of AHAM, the risk management function of AIIMAN is being outsourced to AHAM. In day-to-day running of the business, AHAM employs a proactive risk management approach to manage portfolio risks, operational risks <u>and liquidity risks</u> . The board of directors of AHAM has established a board compliance and risk management committee to oversee AIIMAN’s risk management activities both at operational level and at portfolio management level to ensure that the risk management process is in place and functioning. The board compliance and risk management committee comprises of at least three (3) board members of AHAM and is chaired by an independent director of AHAM. At the operational level, AHAM has established a compliance and risk oversight committee with the primary function of identifying, evaluating and monitoring risks as well as to formulate internal control measures to manage and mitigate the exposure to risks that may affect the performance of the Fund, returns to the investors or Unit Holders’ interest within a clearly defined framework and is primarily responsible for ensuring that the policies and procedures that have been implemented are reviewed on an on-going basis with periodic assessments. The compliance and risk oversight committee reports to the board	To update the information with the intention:- 1. To reflect the revised asset allocation from 95% of NAV to 85% of NAV pursuant to the paragraph 1, Schedule B-Appendix III of the revised GUTF; 2. To reflect the Revised GUTF whereby requirement to appoint an investment committee for a fund has been removed and is replaced by the Manager having an oversight	As for item (1), we view as significant change as it arises from the change in the asset allocation which forms part of the investment strategy of the Fund. As for other amendments, given the reasons stated in column (C), we are of the view that the amendments are not significant changes that will affect unit holders’ decision to stay invested in the Fund and the interests of the unit holders will not be materially prejudiced as the amendments do not fall within the Significant Change Circumstances and Material Prejudice Circumstances. We will inform unit holders of the amendments via a written notice 14 days before the effective date of the Replacement Prospectus.

	<p>compliance and risk management committee on a quarterly basis.</p> <p>As the Fund will be investing a minimum of 95% of its NAV into Islamic CIS, the risk management of the Fund will largely be held at the level of the respective Islamic CIS that the Fund is invested into. Nevertheless, we will conduct a stringent screening process by conducting fundamental analysis of economic, political and social factors to evaluate their likely effects on the performance of the markets and sectors and any risks associated with it when making geographical selections. We also have in place a credit risk management process to reduce counterparty risk of derivatives whereby such risk arises when the counterparty is not able to meet their contractual obligations. Prior to entering into a contract with the counterparty, we will conduct an evaluation on the credit standing of the counterparty to ensure they are able to meet their contractual obligations. It is important to note that an event of downgrade does not constitute a default. If we view that the downgrade in the rating of the counterparty may lead to high credit risk, we will not hesitate to take pre-emptive measures to unwind these positions.</p> <p>To manage non-compliance risks, we use information technology system that is able to monitor the trading of investment to ensure compliance with the Fund's investment limits and restrictions. These limits are system-controlled and not manually tracked, thus reducing the probability of human error occurring in ensuring the Fund's limits and restrictions are adhered to. We also undertake stringent evaluation of movements in market prices and regularly monitor, review and report to the investment committee to ensure that the Fund's investment objective is met. Regular portfolio reviews by senior members of the investment team further reduce the risk of implementation inconsistencies and guidelines violations.</p> <p>We will also closely monitor the performance of the underlying investments of the Fund and obtain regular updates from the respective managers of the Islamic CIS by looking at the Islamic</p>	<p>compliance and risk management committee on a quarterly basis.</p> <p>As the Fund will be investing a minimum of <u>85%</u> of its NAV into Islamic CIS, the risk management of the Fund will largely be held at the level of the respective Islamic CIS that the Fund is invested into. 7.11	VALUATION OF PERMITTED INVESTMENTS Islamic Deposits Islamic deposits placed with Financial Institutions are valued by reference to the principal value of such investments and the profits accrued thereon for the relevant period.	<u>Valuation of Islamic deposits placed with Financial Institutions will be done</u> by reference to the principal value of such investments and the profits accrued thereon for the relevant period.	To be consistent with the disclosures of prospectuses of other funds managed by AIIMAN.	
7.12	VALUATION OF PERMITTED INVESTMENTS Islamic Derivatives The valuation of Islamic derivatives will be based on the prices provided by the respective issuers. The issuers generate the market valuation through the use of their own proprietary valuation models, which incorporate all the relevant and available market data with respect to the Islamic derivatives (e.g. profit rates, movement of the underlying assets, volatility of the underlying assets, the correlation of the underlying assets and such other factors). For foreign exchange Islamic forward contracts ("FX Forwards"), we will apply interpolation formula to compute the value of the FX Forwards based on the rates provided by Bloomberg or Reuters. If the rates are not available on Bloomberg or Reuters, the FX Forwards will be valued by reference to the average indicative rate quoted by at least 3 independent dealers. In the case where we are unable to obtain quotation from 3 independent dealers, the FX Forwards will be valued in accordance with fair value as determined by us in good faith, on methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.	Valuation of Islamic derivatives will be based on the prices provided by the respective issuers. The issuers generate the market valuation through the use of their own proprietary valuation models, which incorporate all the relevant and available market data with respect to the Islamic derivatives (e.g. profit rates, movement of the underlying assets, volatility of the underlying assets, the correlation of the underlying assets and such other factors). For foreign exchange Islamic forward contracts ("FX Forwards"), interpolation formula <u>is applied</u> to compute the value of the FX Forwards based on the rates provided by Bloomberg <u>or Refinitiv</u> . If the rates are not available on Bloomberg <u>or Refinitiv</u> , the FX Forwards will be <u>based on</u> fair value as determined <u>in good faith by the Manager, using</u> methods or bases which have been verified by the auditor of the Fund and approved by the Trustee.	To update the information for clarity to investors and to be consistent with disclosures of prospectuses of AIIMAN's funds.

Cash and bank balances		119,520
Short term Shariah-based deposits with licensed financial institutions		1,333,945
		<u><u>1,453,465</u></u>

The accompanying summary of significant accounting policies and notes to the financial statements form an integral part of these financial statements.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023

The following accounting policies have been used in dealing with items which are considered material in relation to the financial statements.

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRS") and International Financial Reporting Standards ("IFRS"). The financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and financial liabilities (including derivative financial instruments) at fair value through profit or loss.

The preparation of financial statements in conformity with MFRS and IFRS requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported financial period. It also requires the Manager to exercise their judgment in the process of applying the Fund's accounting policies. Although these estimates and judgment are based on the Manager's best knowledge of current events and actions, actual results may differ.

The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note L.

(a) Standards, amendments to published standards and interpretations that are effective:

- Amendments to MFRS 3 'Reference to Conceptual Framework' (effective 1 January 2022) replace the reference to Framework for Preparation and Presentation of Financial Statements with 2018 Conceptual Framework.
- Annual Improvements to MFRSs 2018 – 2020 Cycle (effective for annual periods beginning on or after 1 January 2022).
- Amendments to MFRS 137 'Onerous contracts - cost of fulfilling a contract' (effective 1 January 2022) clarify that direct costs of fulfilling a contract include both the incremental cost of fulfilling the contract as well as an allocation of other costs directly related to fulfilling contracts.

The adoption of the above standards, amendments to standards or interpretations did not have a material effect on the financial statements of the Fund.

(b) Standards and amendments that have been issued but not yet effective:

- Amendments to MFRS 101 'Classification of liabilities as current or non-current' (effective 1 January 2024) clarify that liabilities are classified as either current or non-current, depending on the rights that exist at the end of the reporting period. Classification is unaffected by the entity's expectations or events after the reporting date (e.g. the receipt of a waiver or a breach of covenant). In addition, the amendments clarify that when a liability could be settled by the transfer of an entity's own equity instruments (e.g. a conversion option in a convertible bond), conversion option meeting the definition of an equity instrument in MFRS 132 'Financial Instruments: Presentation' does not impact the current or non-current classification of the convertible instrument.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

A BASIS OF PREPARATION OF THE FINANCIAL STATEMENTS (CONTINUED)

(b) Standards and amendments that have been issued but not yet effective: (continued)

The amendments also specify that covenants of loan arrangements which an entity must comply with only after the reporting date would not affect classification of a liability as current or non-current at the reporting date. However, those covenants that an entity is required to comply with on or before the reporting date would affect classification of a liability as current or non-current, even if the covenant is only assessed after the reporting date.

The adoption of the above standards, amendments to standards or interpretations is not expected to have a material effect on the financial statements of the Fund.

B INCOME RECOGNITION

Dividend income

Dividend income from financial assets at fair value through profit or loss is recognised in the statement of comprehensive income as part of gross dividend income on the ex-dividend date, when the right to receive the dividend has been established.

Profit income

Profit income from short term Shariah-based deposits with licensed financial institutions is recognised based on effective profit rate method on an accruals basis.

Profit income is calculated by applying the effective profit rate to the gross carrying amount of a financial asset, except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective profit rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Realised gains and losses on sale of investments

For Shariah-compliant quoted equities, realised gains and losses on sale of investments are accounted for as the difference between the net disposal proceeds and the carrying amount of the investments, determined on a weighted average cost basis.

C DISTRIBUTION

A distribution to the Fund's unitholders is accounted for as a deduction from realised reserve in the statement of comprehensive income. A proposed distribution is recognised as a liability in the period in which it is approved by the Trustee of the Fund.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

D TRANSACTION COSTS

Transaction costs are costs incurred to acquire or dispose of financial assets or financial liabilities at fair value through profit or loss. They include the bid-ask spread, fees and commissions paid to agents, advisors, brokers and dealers. Transaction costs, when incurred, are immediately recognised in the statement of comprehensive income as expenses.

E TAXATION

Current tax expense is determined according to the Malaysian tax laws at the current rate based upon the taxable profit earned during the financial period.

Tax on investment income from foreign investments is based on the tax regime of the respective countries that the Fund invests in.

Withholding taxes on investment income from foreign investment are based on tax regime of the respective countries that the Fund invests in. Such withholding taxes are not “income tax” in nature and are recognised, measured based on the requirements of MFRS 137. They are presented within other expenses line in the statement of comprehensive income.

F FUNCTIONAL AND PRESENTATION CURRENCY

Items included in the financial statements of the Fund are measured using the currency of the primary economic environment in which the Fund operates (the “functional currency”). The financial statements are presented in Ringgit Malaysia (“RM”) which is the Fund’s functional and presentation currency.

G FOREIGN CURRENCY TRANSLATION

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at period end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in statement of comprehensive income, except when deferred in other comprehensive income as qualifying cash flow hedges.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES

(i) Classification

The Fund classifies its financial assets in the following measurement categories:

- those to be measured at fair value through profit or loss, and
- those to be measured at amortised cost.

The Fund classifies its investments based on both the Fund's business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses that information to assess the assets' performance and to make decisions. The Fund has not taken the option to irrevocably designate any equity securities as fair value through other comprehensive income.

The contractual cash flows of the Fund's debt securities are solely principal and profit ("SPPI"). However, these securities are neither held for the purpose of collecting contractual cash flows nor held both for collecting contractual cash flows and for sale. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments and derivatives are measured at fair value through profit or loss.

The Fund classifies cash and cash equivalents, amount due from Manager and dividends receivable as financial assets at amortised cost as these financial assets are held to collect contractual cash flows consisting of the amount outstanding.

The Fund classifies amount due to Manager, amount due to Trustee, auditors' remuneration and tax agent's fee as other financial liabilities.

(ii) Recognition and measurement

Regular purchases and sales of financial assets are recognised on the trade-date – the date on which the Fund commits to purchase or sell the asset. Shariah-compliant investments are initially recognised at fair value. Transaction costs are expensed in the statement of comprehensive income.

Financial liabilities, within the scope of MFRS 9, are recognised in the statement of financial position when, and only when, the Fund becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the rights to receive cash flows from the investments have expired or have been transferred and the Fund has transferred substantially all risks and rewards of ownership.

Financial liabilities are derecognised when it is extinguished, i.e. when the obligation specified in the contract is discharged or cancelled or expired.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(ii) Recognition and measurement (continued)

Gain or losses arising from changes in the fair value of the 'financial assets at fair value through profit or loss' category including the effects of currency transactions are presented in the statement of comprehensive income within 'net gain/(loss) on financial assets at fair value through profit or loss' in the financial period which they arise.

The fair value of financial assets traded in active markets (such as trading securities) are based on quoted market prices at the close of trading on the financial period end date. The Fund utilises the last traded market price for financial assets where the last traded price falls within the bid-ask spread. In circumstances where the last traded price is not within the bid-ask spread, the Manager will determine the point within the bid-ask spread that is most representative of the fair value.

If a valuation based on the market price does not represent the fair value of the securities, for example during abnormal market conditions or when no market price is available, including in the event of a suspension in the quotation of the securities for a period exceeding 14 days, or such shorter period as agreed by the Trustee, then the securities are valued as determined in good faith by the Manager, based on the methods or basis approved by the Trustee after appropriate technical consultation.

Investment in Shariah-compliant CIS are valued at the last published net asset value ("NAV") per unit at the date of the statement of financial position.

Financial assets at amortised cost and other financial liabilities are subsequently carried at amortised cost using the effective profit method.

(iii) Impairment

The Fund measures credit risk and expected credit losses using probability of default, exposure at default and loss given default. Management considers both historical analysis and forward-looking information in determining any expected credit loss. Management considers the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on 12-month expected credit losses as any such impairment would be wholly insignificant to the Fund.

Significant increase in credit risk

A significant increase in credit risk is defined by management as any contractual payment which is more than 30 days past due.

Definition of default and credit-impaired financial assets

The Fund defines a financial instrument as default, which is truly aligned with the definition of credit-impaired, when it meets one or more of the following criteria:

Quantitative criteria:

Any contractual payment which is more than 90 days past due is considered credit-impaired.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

H FINANCIAL ASSETS AND FINANCIAL LIABILITIES (CONTINUED)

(iii) Impairment (continued)

Qualitative criteria:

The debtor meets unlikelihood to pay criteria, which indicates the debtor is in significant financial difficulty. The Fund considers the following instances:

- the debtor is in breach of financial covenants
- concessions have been made by the lender relating to the debtor's financial difficulty
- it is becoming probable that the debtor will enter bankruptcy or other financial reorganisation
- the debtor is insolvent

Financial instruments that are credit-impaired are assessed on individual basis.

Write-off

The Fund writes off financial assets, in whole or in part, when it has exhausted all practical recovery efforts and has concluded there is no reasonable expectation of recovery. The assessment of no reasonable expectation of recovery is based on unavailability of debtor's sources of income or assets to generate sufficient future cash flows to repay the amount.

The Fund may write off financial assets that are still subject to enforcement activity. Subsequent recoveries of amounts previously written off will result in bad debt recoveries. There are no write-offs/recoveries during the financial period.

I CASH AND CASH EQUIVALENTS

For the purpose of statement of cash flows, cash and cash equivalents comprise cash and bank balances, short-term Shariah-based deposits held in highly liquid investments which original maturities of three months or lesser that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

J UNITHOLDERS' CAPITAL

The unitholders' contributions to the Fund meet the criteria to be classified as equity instruments under MFRS 132 "Financial Instruments: Presentation". Those criteria include:

- the units entitle the holder to a proportionate share of the Fund's net assets value;
- the units are the most subordinated class and class features are identical;
- there is no contractual obligations to deliver cash or another financial asset other than the obligation on the Fund to repurchase; and
- the total expected cash flows from the units over its life are based substantially on the profit or loss of the Fund.

The outstanding units are carried at the redemption amount that is payable at each financial period if unitholder exercises the right to put the unit back to the Fund.

Units are created and cancelled at prices based on the Fund's net asset value per unit at the time of creation or cancellation. The Fund's net asset value per unit is calculated by dividing the net assets attributable to unit holders with the total number of outstanding units.

K DERIVATIVE FINANCIAL INSTRUMENTS

A derivative financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

The Fund's derivative financial instruments comprise forward foreign currency contract. Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value. Financial derivative positions will be "marked to market" at the close of each valuation day. Foreign exchange gains and losses on the derivative financial instrument are recognised in profit or loss when settled or at the date of the statement of financial position at which time they are included in the measurement of the derivative financial instrument. Derivative instruments positive fair value and negative fair value are presented as financial assets at fair value through profit or loss and financial liabilities at fair value through profit or loss, respectively.

The fair value of forward foreign currency contract is determined using forward exchange rates at the statement of financial position, with the resulting value discounted back to present value.

The method of recognising the resulting gain or loss depends on whether the derivative is designated as a hedging instrument, and the nature of the item being hedged. Derivatives that do not qualify for hedge accounting are classified as financial assets/liabilities at fair value through profit or loss.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

L CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS IN APPLYING ACCOUNTING POLICIES

The Fund makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, rarely equal the related actual results. To enhance the information contents on the estimates, certain key variables that are anticipated to have material impacts to the Fund's results and financial position are tested for sensitivity to changes in the underlying parameters.

Estimates and judgments are continually evaluated by the Manager and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

However, the Manager is of the opinion that there are no accounting policies which require significant judgment to be exercised.

In undertaking any of the Fund's investment, the Manager will ensure that all assets of the Fund under management will be valued appropriately, that is at fair value and in compliance with the Securities Commission's ("SC") Guidelines on Unit Trust Funds.

M REALISED AND UNREALISED PORTIONS OF PROFIT OR LOSS AFTER TAX

The analysis of realised and unrealised profit or loss after tax as presented on the statement of comprehensive income is prepared in accordance with SC's Guidelines on Unit Trust Funds.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023

1 INFORMATION ON THE FUND

The Unit Trust Fund was constituted under the name Aiiman Smart Invest Portfolio - Growth (the "Fund") pursuant to the execution of a Deed dated 18 June 2021 and first supplemental deed dated on 20 December 2022 entered into between AIIMAN Asset Management Berhad (the "Manager") and TMF Trustees Malaysia Berhad (the "Trustee").

The Fund commenced operations on 5 October 2021 and will continue its operations until terminated by the Trustee as provided under Clause 12.1 of the Deed.

The Fund offer investment diversification, the selection of Islamic Collective Investment Schemes will be made based on the geographical and asset class focus to broaden the investment reach. Through its investment into Islamic Collective Investment Schemes, the Fund will provide you with access into Shariah-compliant equities listed in global markets, as well as access into Shariah-compliant fixed income instruments such as sukuk, Islamic money market instruments and Islamic deposits, issued globally. We will look towards growth portfolio by holding optimal exposure into both equities and fixed income instruments respectively. Exposure into equities are generally considered to be able to provide higher returns as compared to fixed income instruments thus exposing you to relatively higher risk that comes with equity investments. However, the Fund will also have exposure in fixed income instruments, which are generally considered to be of lower risk, and the optimal allocation is aimed at managing the overall volatility of the Fund.

All investments will be subjected to the SC's Guidelines on Unit Trust Funds, the Deeds and the objective of the Fund.

The main objective of the Fund is to achieve capital appreciation over medium to long-term period.

The Manager is a company incorporated in Malaysia. The principal activities of the Manager are establishment and management of unit trust funds, exchange-traded funds and private retirement schemes as well as providing fund management services to private clients.

The financial statements were authorised for issue by the Manager on xx October 2023.

Auditors' remuneration		3,770	-	15,000
Tax agent's fee		7,435	-	5,675
Total		<u>159,447</u>	<u>-</u>	<u>159,447</u>

The Fund is exposed to a variety of risks which include market risk (including price risk, profit rate risk and currency risk), credit risk, liquidity risk, capital risk and reclassification of Shariah status risk and collective investment scheme risk.

Financial risk management is carried out through internal control processes adopted by the Manager and adherence to the investment restrictions as stipulated by the SC's Guidelines on Unit Trust Funds.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk

(a) Price risk

Price risk arises mainly from the uncertainty about future prices of investments. It represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Manager manages the risk of unfavourable changes in prices by continuous monitoring of the performance and risk profile of the investment portfolio.

The Fund's overall exposure to price risk was as follows:

	<u>2023</u> RM
Shariah-compliant quoted investments	
Collective investment schemes	36,613,655
Exchange-traded funds	28,178,767
	<u>64,792,422</u>

The following table summarises the sensitivity of the Fund's loss after taxation and net asset value to price risk movements. As at the end of each reporting period, the analysis is based on the assumptions that the market price increased by 10% and decreased by 10% with all other variables held constant. This represents management's best estimate of a reasonable possible shift in the quoted equities having regard to the historical volatility of the prices.

<u>% Change in price</u>	<u>Market value</u> RM	<u>Impact on loss</u> <u>after taxation</u> <u>/NAV</u> RM
<u>2023</u>		
-10%	58,313,180	(6,479,242)
0%	64,792,422	-
+10%	71,271,664	6,479,242

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(b) Profit rate risk

Profit rate risk arises from the effects of fluctuations in the prevailing levels of market profit rates on the fair value of financial assets and liabilities and future cash flows.

The Fund's exposure to the profit rate risk is mainly confined to short-term Shariah-based deposit placements with licensed financial institutions. The Manager overcomes this exposure by way of maintaining Shariah-based deposits on short term basis.

The Fund's exposure to profit rate risk associated with Shariah-based deposits with licensed financial institutions is not material as the carrying value of the deposit is a reasonable estimate of fair value as the deposit is held on a short-term basis.

As at 28 February 2023, the Fund is not exposed to any profit rate risk.

(c) Currency risk

Currency risk is associated with investments denominated in foreign currencies. When the foreign currencies fluctuate in an unfavourable movement against Ringgit Malaysia, the investments will face currency losses in addition to the capital gain/(loss). The Manager will evaluate the likely directions of a foreign currency versus Ringgit Malaysia based on considerations of economic fundamentals such as profit rate differentials, balance of payments position, debt levels and technical chart considerations.

The following table sets out the foreign currency risk concentrations and counterparties of the Fund:

	Shariah compliant collective investment schemes RM	Shariah compliant exchange traded funds RM	Cash and cash equivalents RM	Dividends receivable RM	Total RM
<u>2023</u>					
<u>Financial assets</u>					
United State Dollar	10,356,236	28,178,767	44,864	-	38,579,867
Euro	-	-	252	-	252
	<u>10,356,236</u>	<u>28,178,767</u>	<u>45,116</u>	<u>-</u>	<u>38,580,119</u>

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Market risk (continued)

(c) Currency risk (continued)

The table below summarises the sensitivity of the Fund's loss after tax and net asset value to changes in foreign exchange movements. The analysis is based on the assumption that the foreign exchange rate changes by each currency's respective historical volatility, with all other variables held constants. This represents management's best estimate of a reasonable possible shift in the foreign exchange rate, having regard to historical volatility of this rate. Any increase/(decrease) in foreign exchange rate will result in a corresponding (decrease)/increase in the net assets attributable to unitholders by each currency's respective historical volatility. Disclosures below are shown in absolute terms, changes and impacts could be positive or negative.

	Change in price %	Impact on loss after tax/NAV RM
<u>2023</u>		
United States Dollar	+/- 6.35	+/- 2,449,822
Euro	+/-10.00	+/-25

Credit risk

Credit risk refers to the ability of an issuer or counterparty to make timely payments of profit, principals and proceeds from realisation of investment. The Manager manages the credit risk by undertaking credit evaluation to minimise such risk.

Credit risk arising from cash and bank balances is managed by ensuring that they are held by parties with credit rating of AA or higher.

The settlement terms of the proceeds from the creation of units' receivable from the Manager are governed by the SC's Guidelines on Unit Trust Funds.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk (continued)

The following table sets out the credit risk concentration and counterparties of the Fund:

	Cash and cash equivalents RM	Other receivables* RM	Total RM
<u>2023</u>			
Financial Services			
- AAA	1453,465	-	1,453,465
Others			
- NR	-	201,993	201,993
	<u>1,453,465</u>	<u>201,993</u>	<u>1,655,458</u>

* Other receivables consist of amount due from manager.

Liquidity risk

Liquidity risk is the risk that the Fund will encounter difficulty in meeting its financial obligations. The Manager manages this risk by maintaining sufficient level of Shariah-based liquid assets to meet anticipated payments and cancellation of units by unitholders. Shariah-based liquid assets comprise cash, Shariah-based deposits with licensed financial institutions and other instruments, which are capable of being converted into cash within 7 days.

The table below analyses the Fund's financial liabilities into relevant maturity groupings based on the remaining period at the statement of financial position date to the contractual maturity date.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

2 FINANCIAL INSTRUMENTS, RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Liquidity risk (continued)

The amounts in the table below are the contractual undiscounted cash flows.

	<u>Note</u>	<u>Within one month RM</u>	<u>Between one month to one year RM</u>	<u>Total RM</u>
<u>2023</u>				
Amount due to Manager				
- management fee		57,856	-	57,856
- cancellation of units		87,906	-	87,906
Amount due to Trustee		2,480	-	2,480
Auditors' remuneration		-	3,770	3,770
Tax agent's fee		-	7,435	7,435
Total		<u>148,242</u>	<u>11,205</u>	<u>159,447</u>

Capital risk

The capital of the Fund is represented by equity consisting of unitholders' capital net of accumulated losses. The amount of equity can change significantly on a daily basis as the Fund is subject to daily subscriptions and redemptions at the discretion of unitholders. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for unitholders and benefits for other stakeholders and to maintain a strong capital base to support the development of the investment activities of the Fund.

Reclassification of Shariah status risk

The risk refers to the risk that the currently held Shariah-compliant securities in the portfolio of Shariah-based funds may be reclassified to be Shariah non-compliant upon review of the securities by the Shariah Advisory Council of the Securities Commission performed twice yearly. If this occurs, the value of the Fund may be adversely affected where the Manager will take the necessary steps to dispose of such securities in accordance with the Shariah Advisory Council's advice.

Collective investment scheme risk

This risk is associated with the Fund's investment in CIS exposing the Fund to the inherent investment risks faced by the CIS. The fund may also be exposed to liquidity risk which may arise from the inability of the CIS to meet redemption amounts, as well as the risk of not being aligned with the Fund's mandate in the event the CIS that the Fund is invested into breaches its asset allocation limits. Therefore, should any of the risks faced by the CIS materialised, the performance of the Fund will be affected.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

3 FAIR VALUE ESTIMATION

Financial instruments comprise financial assets and financial liabilities. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial assets traded in active markets (such as trading securities) is based on quoted market prices at the close of trading on the financial period end date. The Fund utilises the current bid price for financial assets which falls within the bid-ask spread.

An active market is a market in which transactions for the asset take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

The fair value of financial assets and financial liabilities that are not traded in an active market is determined by using valuation techniques.

(i) Fair value hierarchy

The table below analyses financial instruments carried at fair value. The different levels have been defined as follows:

- Quoted prices (unadjusted) in active market for identical assets or liabilities (Level 1)
- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (Level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (Level 3)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgment, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgment by the Fund. The Fund considers observable data to be that market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary and provided by independent sources that are actively involved in the relevant market.

AIIMAN SMART INVEST PORTFOLIO - GROWTH

NOTES TO THE UNAUDITED FINANCIAL STATEMENTS FOR THE SIX MONTHS FINANCIAL ENDED 31 AUGUST 2023 (CONTINUED)

3 FAIR VALUE ESTIMATION (CONTINUED)

The following table analyses within the fair value hierarchy the Fund's financial assets and financial liabilities (by class) measured at fair value:

	<u>Level 1</u> RM	<u>Level 2</u> RM	<u>Level 3</u> RM	<u>Total</u> RM
<u>2023</u>				
Financial assets at fair value through profit or loss				
- Shariah-compliant collective Investment schemes	36,613,655	-	-	36,613,655
- Shariah-compliant exchange-traded funds	28,178,767	-	-	28,178,767
	<u>64,792,422</u>	<u>-</u>	<u>-</u>	<u>64,792,422</u>

Investments whose values are based on quoted and published market prices in active markets, and are therefore classified within Level 1, include collective investment schemes and exchange-traded funds. The Fund does not adjust the quoted and published prices for these instruments.

Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2. These include forward foreign currency contracts. As Level 2 instruments include positions that are not traded in active markets and/or are subject to transfer restrictions, valuations, may be adjusted to reflect illiquidity and/or non-transferability, which are generally based on available market information.

The carrying values of cash and cash equivalents, dividends receivable, amount due from Manager and all current liabilities are a reasonable approximation of the fair values due to their short-term nature.

4 MANAGEMENT FEE

In accordance with the Deed, the Manager is entitled to a management fee at a rate not exceeding 5.00% per annum on the NAV of the Fund calculated on a daily basis.

For the six months financial period ended 31 August 2023, the management fee is recognised at a rate of 1.05% per annum on the NAV of the Fund calculated on a daily basis.

There will be no further liability to the Manager in respect of management fee other than the amounts recognised above.

7 FINANCIAL ASSETS AT FAIR VALUE THROUGH PROFIT OR LOSS

	<u>2023</u> RM
Financial assets at fair value through profit or loss:	
- Shariah-compliant collective investment schemes – local	26,257,419
- Shariah-compliant collective investment schemes – foreign	10,356,236
- Shariah-compliant exchange-traded funds – foreign	28,178,767
	<hr/> 64,792,422 <hr/>
Net loss on financial assets at fair value through profit or loss	
- realised gain on sale of investment	312,007
- unrealised gain on changes in fair value	6,975,854
- management fee rebate on collective investment schemes #	-
	<hr/> 7,287,861 <hr/>

In arriving at the fair value of the Fund's investment in a collective investment schemes, the management fee initially paid to the Manager of collective investment schemes, has been considered as part of its net asset value. In order to minimise the impact of management fees charged by the fund manager, management fee charged on the Fund's investment in the collective schemes has been refunded to the Fund. Accordingly, any rebate of management received from the Manager of collective investment schemes, is reflected as an increase in the net asset value of the collective investment schemes.

13 TOTAL EXPENSE RATIO ("TER")

	Six months financial period ended <u>31.08.2023</u> %
TER	<u>0.59</u>

TER is derived from the following calculation:

$$\text{TER} = \frac{(A + B + C + D + E + F) \times 100}{G}$$

A	=	Management fee, excluding management fee rebate
B	=	Trustee fee
C	=	Auditors' remuneration
D	=	Tax agent's fee
E	=	Custodian fee
F	=	Other expenses, excluding sale and services tax on transaction costs and withholding tax
G	=	Average NAV of the Fund calculated on a daily basis

The average NAV of the Fund for the financial period ended 31 August 2023 calculated on a daily basis is RM 62,815,636.

14 PORTFOLIO TURNOVER RATIO ("PTR")

	Six months financial period ended <u>31.08.2023</u>
PTR (times)	<u>0.17</u>

PTR is derived from the following calculation:

$$\frac{(\text{Total acquisition for the financial period} + \text{total disposal for the financial period}) \div 2}{\text{Average NAV of the Fund for the financial period calculated on a daily basis}}$$

where: total acquisition for the financial period = RM10,413,459
total disposal for the financial period = RM10,907,824
